

RELATIONSHIP NOTES:

- Customers:** can (should) have one or many orders, and one (so lonely) or many tickets. Each order and ticket will be linked to a single customer (we won't ask for membership info for every guest; that'd be super annoying).
- Concessions:** one or many concessions can be put on a single order; each product at concessions will have many orders.
- Tickets:** each ticket is for a single movie; one or many tickets can be put on a single order; a single customer can order many tickets.
- Movies:** each movie will be linked to many tickets
- Orders:** an order can be linked to i. one customer ii. one or many tickets and iii. one or many concessions
